MS INTERNATIONAL
FLOORING COLLECTION
www.msistone.com
Founded in 1975, M S International, Inc. is the leading distributor of countertop, flooring, wall-tile, and hardscaping products in the United States and Canada. MSI imports materials from over 36 countries while maintaining purchasing offices in India, Turkey, Brazil, China, and Italy. Headquartered in Orange, California, MSI's nationwide system of more than 20 state-of-the-art distribution centers is designed for efficiency, making sure the over 40,000 containers we import arrive as expected. Our top priority is providing the highest level of customer service in the industry. Our worldwide team of over 1,000 employees seeks to provide you with all the tools and information required to promote our products. Our website www.msistone.com contains the most up-to-date information about our products — including detailed images, room scenes, sizes available, and technical specifications.
Whether you are installing tile in your residence or for a commercial project, MSI supplies a wide assortment of colors and choices including Granite, Marble, Travertine, Porcelain, Slate, Limestone, Onyx, Ceramic, Quartzite, and Sandstone. Popular MSI flooring tile sizes include 12x12, 12x24, 16x16, 16x24, 18x18, 8x16, & 8x8 (check each color for particular size availability). Our flooring tile collections are also available in unique shapes and patterns.

MSI is a proud Member of the following organizations:

Selecting the pattern for the installation of your new tiles has never been easier. With this floor pattern tool, you can select whether the project will use one size of tile, two different sizes of tiles, or multiple tile sizes. Then, you will select the pattern desired. The most popular tile sizes for the pattern selected appear, and after that quick selection, you only need to input the dimensions of the room. The floor pattern tool figures the number of tiles needed based on the square footage and desired waste.

ENCAUSTIC LOOKS

Stylized flowers to mod geometrics, encaustic look tiles let your personality shine. Use these globally inspired matte porcelain tiles to headline your design or pair them with coordinating glossy wall tiles for one-of-a-kind looks that are sure to evoke guest envy.
Old World influences and modern design come together in Cotto Look porcelains. With time honored character, rich patina, and subtle hues, these handsome large format tiles work well in any design environment—modern day villa to sleek urban loft.
Metal looks are hot, and ours are leading the trend! Featuring an authentic oxidized appearance in two chic styles, our metal look porcelain flooring reflects and absorbs light, creating visual intrigue from every angle. If you’re looking for cutting-edge flooring, you’ve found it.
Brick look interiors are enjoying a colossal comeback, and we’re not talking the 1970s here. Perfectly designed and textured for real reclaimed brick looks in trend-forward 2x10 and 5x10 porcelain tiles, this lineup beats the real thing for easy installation, no-fuss maintenance, and affordability.
Introducing Optima; the union of fashion and function. Our first technical through-body commercial tile line features a contemporary solid tone cement design in three finishes. From urban bistros to sprawling office parks, Optima retains its beauty even in the busiest of environments—indoors and out.

Vendor cannot be held liable in any case of action resulting from the product use in any form. The purchaser must determine suitability and maintainability of the material for any use. Vendor makes no expressed or implied warranty of fitness for any particular purpose. Porcelain products inherently vary in shade and caliber; therefore, to ensure customer satisfaction, examine all the tiles prior to installation. We recommend selecting tile from same shade and caliber (i.e. same size and numerical shade), mixing tiles from different boxes, and rotating the tiles to avoid repetitive patterns during installation. To achieve a lippage-free rectangular tile installation, it is suggested to utilize a minimum 1/8” grout joint and an offset between 15% and 30%. Porcelain tiles can be cleaned using warm water and a cloth or mop. For deeper cleaning, we recommend using a neutral cleaner or a diluted white vinegar and water solution.

(Do not use abrasive cleaners or sponges or cleaning agents with strong chemicals as this may harm the material. The vendor disclaims any liabilities after installation.)
