Buyer/Owner must determine slip resistance suitability and maintainability for any of the material use. Natural stones are products of nature; we cannot be held liable in any cause of action resulting from their use in any form. M.S. International, Inc. makes no expressed or implied warranty of merchandisability or fitness for any particular purpose. Natural stone

products inherently lack uniformity and are subject to variation in aesthetics, color, shade, finish, tint, hardness, strength, slip resistance, density etc. Any samples submitted are with the understanding that these qualities are inherent in the nature of the product and are not to be considered latent defects.

LEDGER PANELS

Sizes + 6x24 ♦ 6x18x6 Corner ■ 6x6x6 Corner

M S International's Natural Stone Ledger panels are trimmed pieces of natural ledger stone affixed together to form modular panels, which allows for the streamlined installation of dry stacked ledge stone veneer. M S International's natural stone veneer panels feature a unique joint design that becomes virtually undetectable after installation. We offer these panels in two styles: Natural stone ledger stepped panels and "L" ledger stepped panel corners for outside corner.

MSI Natural Stone Travertine pavers are one of the most environmentally friendly paving choices in the landscaping industry today.

Available in a wide range of exotic colors, sizes and finishes, our pavers are calibrated for easy installation. Additionally, MSI Travertine pavers stay cool under foot on hot sunny days making them the ideal material choice for patio and pool deck installations.
