This new stunning collection of 16"x32" porcelain tiles are the next trending rectangular size currently gaining popularity in the market. This line also offers large format styles of the most popular stone and marble looks. There are five colors that are all available in both a matte and a polished finish. This elegant line of porcelain with its attractive veining, color options, and unique size can truly make it stand out in any room.

Technical Information

Primary Colors: Beige, Gray, White
Material Type: Porcelain
Finish: Polished, Matte

Features At A Glance

- Unique large format 16x32 tiles
- 5 Colors rectified in popular stone & marble looks
- All colors available in both polished and matte finishes
- Ink Jet Technology

Installation

1/8" Grout Size is recommended on all tile installation. When installing rectangular tiles a less than 33% staggered brick lay is strongly recommended.

Large format tiles: It is mandatory that the mortar coverage on the floor surface and tile be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.

Disclaimer:

Variation in shade is an inherent attribute of porcelain tile.
To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won't be repetitive patterns.
*No claims accepted after tile installation.
