A chameleon of interior design, patinated metal is the new neutral. The Antares series emulates the look of oxidated metal in high-quality porcelain, blending beautifully with modern and rustic spaces. The distressed metal reflects and absorbs light, changing its visual texture from each angle. The Italian import is offered in two ample sizes - 16"x24" and 20"x20" - in warm (Jupiter Iron) and cool (Saturn Coal) color ways.

Disclaimer:

Variation in shade is an inherent attribute of porcelain tile.  
To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won't be repetitive patterns.  
\*No claims accepted after tile installation.
