

ZERO SLIP™

Proprietary Anti-Slip Technology

Through extensive research, testing, and development, MSI's Arterra pavers have been engineered with **ZERO** SLIP™ technology!

Arterra® Premium Porcelain Pavers are where safety and beauty meet. This leading-edge collection of porcelain pavers deliver the desired look of natural stone with the peace of mind. This proprietary technology provides exceptional slip-resistance on dry & wet floors, far exceeding the industry standard.

HOW IS SLIP RESISTANCE DETERMINED?

DCOF, or dynamic coefficient of friction, is a measurement that determine how much friction there is on wet, level floors when walked upon. The results of DCOF testing help us determine the likelihood of wheather a tile surface could contribute to someone slipping and/or falling.

A **ARTERRA**®
Premium Porcelain Pavers

From MSI

Terra Ivory Pattern paver with coordinating coping.

ITEM	SIZE
Argento Travertino	24"x24"
Blue Stone	24"x24", Pattern

BENEFITS - WHY ARTERRA

Low maintenance – Easy to clean with a water hose or pressure washer.

Strong – Superior strength and impact resistance.

High wear rating – The glazed a hard surface that is resistant to wear.

Warranty – Lifetime Limited Residential Warranty.

Stain resistant – Because of its extremely low moisture absorption, MSI Porcelain Pavers have a high resistance to stains.

ZERO SLIP™
Slip Resistant – The surface texture is designed to have a high slip resistance, even when wet.

UV Resistant – The glazed surface is baked on, ensuring the color will remain intact even after years of being in the sun.

Freeze Thaw Resistant – MSI Porcelain Pavers are virtually impervious to water and the properties don't change with temperature, thereby making the pavers freeze thaw resistant.

ZERO SLIP™
Proprietary Anti-Slip Technology
