The new “brick” tiles will add to the existing cotto and wood planks of this great looking, trend forward series, Capella. The brick tiles can be featured as a back splash or to compliment the cotto or wood planks for both floor and wall applications.

Technical Information

Primary Colors: Off-White, Red, White
Material Type: Porcelain
Finish: Polished, Matte

Features At A Glance

- Three colors that go well with the existing colors of field tiles
- The brick tiles will have over 90 different punches for that realistic brick look
- When installed with a 3/8" or 1/2" grout joint will resemble a real brick pattern

Installation

1/8" Grout Size is recommended on all tile installation. When installing rectangular tiles a less than 33% staggered brick lay is strongly recommended.

Large format tiles: It is mandatory that the mortar coverage on the floor surface and tile be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.

Disclaimer:

Variation in shade is an inherent attribute of porcelain tile.
To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won't be repetitive patterns.
*No claims accepted after tile installation.
