Sleek, contemporary and sophisticated, the Dimensions series brings an urban edge with concrete look porcelain. This minimalistic style is available in six colors, ranging from Glacier white to Graphite grey, and also offers a matching bullnose and 2”x2” mosaic. The fullbody porcelain is rectified and long lasting for a nearly seamless finish.

Technical Information

Primary Colors: Gray, Beige
Material Type: Porcelain
Finish: Matte

Features At A Glance

- Luxurious porcelain (Matte) tiles with authentic marble looks and colorations
- Six great colors in a wide variety of sizes and trims
- High Definition Ink Jet Technology

Installation

1/8” Grout Size is recommended on all tile installation. When installing rectangular tiles a less than 33% staggered brick lay is strongly recommended.

Large format tiles: It is mandatory that the mortar coverage on the floor surface and tile be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.

Disclaimer:
Variation in shade is an inherent attribute of porcelain tile.
To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won’t be repetitive patterns.
*No claims accepted after tile installation.
