Making Dream Surfaces Attainable

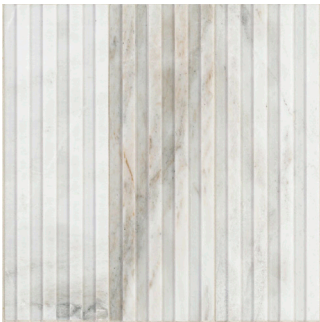

# Fluted Marble Wall Tile

## Collection

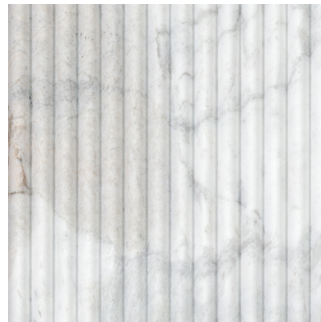

12x24 Valentino Fluto

The Fluted Marble Collection showcases a range of traditional marble patterns, including Capri Blue, Carrara White, and Arabescato Venato, all offered in a versatile 12" x 24" format. Each piece features a honed finish, highlighting the natural beauty of the marble while providing a sophisticated, smooth surface. The collection includes both 3D convex fluted designs, which project outward with dynamic curves, and concave inverted fluted designs, which create a striking hollowed-out effect. Perfect for enhancing walls, fireplace facades, shower surrounds, accent walls, and backsplashes, this collection blends classic elegance with contemporary texture.
