INSTALLATION INSTRUCTIONS:

- Joint Requirement:** Must be installed with a minimum 3mm = 1/8" joint due to the extruded nature of the tile. Installation without joints is not possible. Tile Structure: Each piece has three parts - two convex and one concave.
- Option 1:** Install all pieces in the same direction, creating a repeating pattern of Convex, Convex, Concave.
- Option 2:** Alternate the direction of each piece to create a varied pattern.
