Disclaimer : Wet Cutting Instruction: We recommend wet cutting or the score & snap method during the installation process. Do not dry cut product using power tools during the installation process. Improper installation techniques could expose installer to harmful silica dust.

Recomendamos el corte en húmedo o el método de marcar y encajar durante el proceso de instalación. No corte en seco el producto utilizando herramientas eléctricas durante el proceso de instalación. Las técnicas de instalación inadecuadas podrían exponer al instalador a polvo de sílice nocivo.

Variation in shade is an inherent attribute of porcelain tile.

To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade.

Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won't be repetitive patterns.

*No claims accepted after tile installation.

Ceramic

The Subway series is a ceramic wall tile line that brings back the retro look of rectangular subway tiles. Available in both White and Almond with a glossy finish, we are offering the traditional 3x6 subway tile both flat and with a beveled edge detail. We have also taken the retro look to a new dimension with a larger rectangle, 4x16 to give a whole new look to the subway collection.
