**Technical Information**

Primary Colors: Beige, Brown  
Material Type: Glazed Porcelain  
Finish: Matte

**Installation**  
1/8” Grout Size is recommended on all tile installation. When installing rectangular tiles a less than 33% staggered brick lay is strongly recommended.

**Features At A Glance**

- Traditional cross cut travertine looks in virtually maintenance free porcelain tiles  
- Complete line with rectified floor tiles, mosaics and coordinating bull nose pieces  
- High quality porcelain tiles at entry level price points

Large format tiles: It is mandatory that the mortar coverage on the floor surface and tile be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.

**Disclaimer:**  
Variation in shade is an inherent attribute of porcelain tile.  
To ensure customer satisfaction. Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won’t be repetitive patterns.  
*No claims accepted after tile installation.
